Case

1953

Gone by, but not to be forgotten, are four precious years spent at Case. We have, as a result, an education, well rounded in all phases, and invaluable life-long friendships. Many happy incidents have registered in our minds and the memory of them will live forever.

Now it is time for us to separate and go forth into a large, strange, and glorious world. We are likened unto the young birds who try their wings for the first time in unsure flight. Some are frightened and tend to lag; others eagerly start out uncertain of direction; those assured of the strength of their wings will continue on the unmapped journey in confidence.

No matter where the shiftless winds will carry us, or where on this earth our course will lead us, the love and gratitude from the hearts of all, will find its home at Case.

Miss

Rita

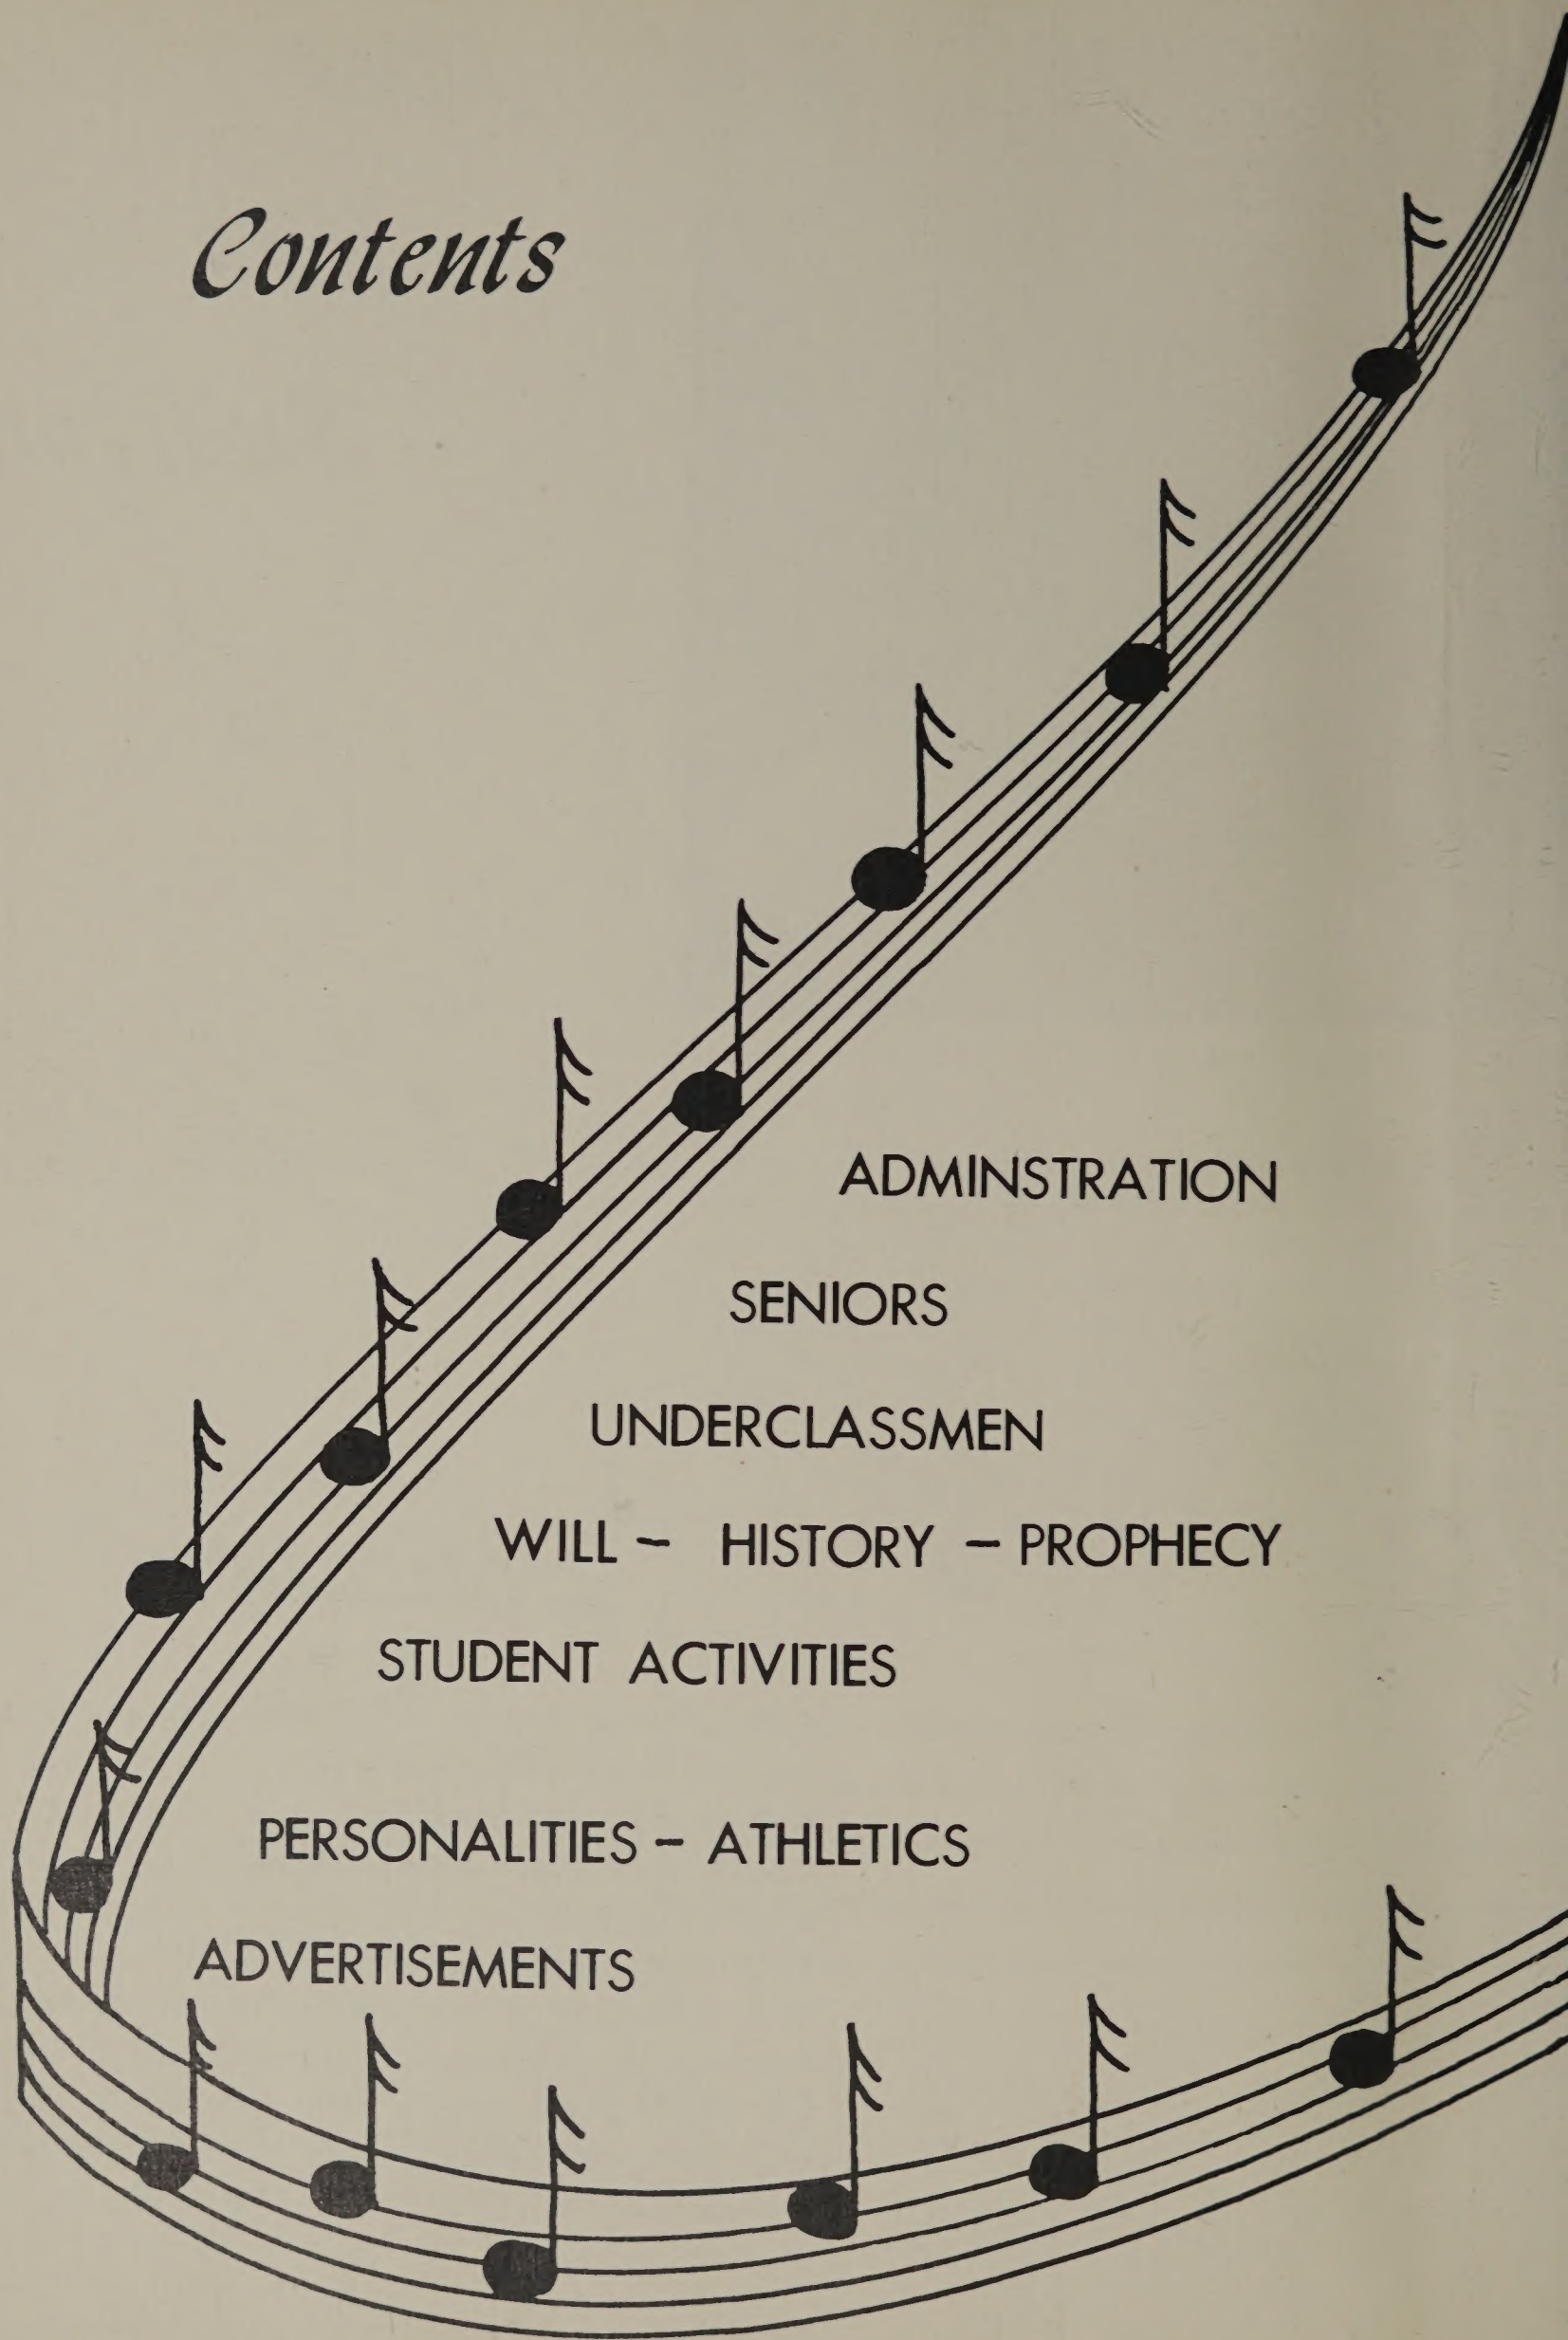

Sullivan

Dedication

We, the senior class of 1953, dedicate this book to MISS RITA SULLIVAN whose inspiration, patience, and wisdom has lead us in our journey through Joseph Case High School. Through her unending efforts, she has made it possible for these four years to be enjoyable and unforgettable. We have come to a realization of the inadequacy of the English language when it fails us in expressing our gratitude. We would like to say it more elaborately, but we know you will understand what is attempted when we say sincerely, "Thank you, Miss Sullivan!"

Alma Mater

TUNE—Cornell Alma Mater

Our strong bond can ne'er be broken
Form'd in dear Case High
Far surpassing wealth unspoken
Seal'd by friendship's tie.

Mem'ry's leaflets close shall twine
Around our hearts for aye,
And waft us back o'er life's broad track
To pleasure of past day.

WORDS—Class of 1947

High school life at best is passing.
Gliding swiftly by;
Then let us pledge in work and deed
Our love for dear Case High.

TOWN OF SWANSEA, MASSACHUSETTS
DEPARTMENT OF PUBLIC SCHOOLS

RICHARD B. GREENMAN, SUPERINTENDENT

To the SENIORS:

You, who are graduating in 1953, are the first Joseph Case High School Seniors to enjoy the benefits of an adequate modern educational program made possible by the new school addition and shop building. These facilities are the result of efforts made by many Swansea people for a number of years. Your gratitude, though not openly expressed now, may be shown publicly in years to come, wherever you live, in your support as citizens of worthy projects for community welfare.

OFFICE OF SUPERINTENDENT
 JOSEPH CASE HIGH SCHOOL
 TEL. FALL RIVER 4-1332
 June 11, 1953

Those whom I would have you remember as friends of education in Swansea are your parents, the citizens, town officials, and members of the School Department. All contributed generously of their time and energy to bring about the beautiful new school buildings.

The imagination and tireless efforts of the late Mrs. Edith F. Boyd were inspired by the ideal of public service for youth. As Chairman of the original School Building Planning Committee of seventeen members and for twelve years a School Committee member, and at the same time a successful and inspiring teacher, she worked for your welfare. May she always live in your memory as one who gave much to you and your community.

To the SENIORS:

You are about to enter a world that is chafing under mass tension and suspicions. If you are an optimist you find hope in man's growing interest in the welfare of his fellows: if you are a pessimist, you point to indices of a degenerating society—apathy, graft, subterfuge, and corruption. No matter which opinion you hold, this is the only world you have, and you must learn NOW to live in it as courageously and as happily as possible.

When you are confronted with the anxieties, frustrations, concerns, and discontents that are sure to arise about you, know that many of them can be dealt with through study and concerted action. Others which defy correction or control exclude from your minds. No advantage is gained by succumbing to discontents nor in believing that man lacks the ability to untangle himself from the web he has woven. To persons of high purpose, conquering difficulties provides the spur to accomplishments.

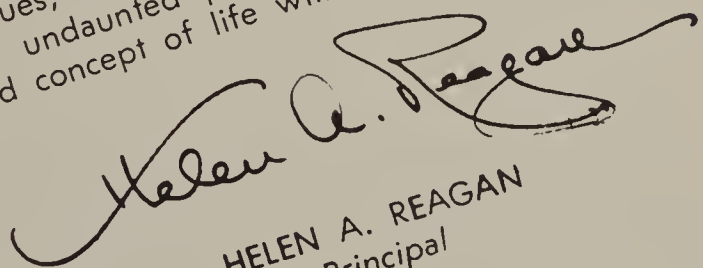

Attack your job with undiminished enthusiasm, see things in their right proportion, do not allow personal fears and worries to be reflected in your contacts with others. Remember that sound mental health affects not only your happiness, but your success.

Obviously it will always be important to remember what you have learned in the process of your education, but I believe, it is equally important to learn to forget some things. The society you live in will improve as you learn to forget yourself in your service to others. You will gain perspective as you forget unfounded criticism and objections. Develop an inward power of resistance that you may ignore or forget the hundred little thorns of petty annoyances which prick each day. Forget the mistakes of the past that you may move on to greater achievements each tomorrow.

You cannot live by yourself and shun the problems of humanity without revealing your spiritual weakness. You cannot escape your share of responsibility for bringing into reality the kind of society embodied in the American dream. Build ever for that healthy personality which will give you the inner reserves from which you can later obtain strength for meeting current problems. Develop a frame of reference, a philosophy, a faith by which to live.

Finally take the time to think; it is the source of power. Take time to read great books; they are the fountains of the wisdom of the ages. Take time to appreciate other people; the days are too short for self-centered living. Take time to enjoy the glories of nature; it will keep you in turn with the infinite.

Thus gradually you will develop a quickened and deepened understanding, a breadth of outlook, a sense of direction, a refinement of taste, an appreciation of beauty, a measure of values, a modesty of judgement, an unbiased approach to problems, and an undaunted pursuit of their solutions; all these culminating in a balanced concept of life with all of its graces and all of its utilities.

Mr. Hoy is a custodian who is well liked by everyone whom he meets in the halls, and on the grounds of Case High. He has been with us for many years, and always has a pleasant smile and hello for all. Without his help the class would not have been successful with its dances and other activities. We would like to express our appreciation to Cliff Hoy.

You may see Mr. Thurston wherever you might be in Case High School, doing his daily chores. His cheerful disposition and smile make him a favorite among all the high school students. Mr. Thurston, like his co-worker Mr. Hoy, has also aided us a great deal in our dances and school functions. Our deepest gratitude goes to Mr. Thurston for his unending cooperation.

GOOD GOVERNMENT DAY

On March 13, 1953 a representative of the Joseph Case High School went to the State House in Boston to take part in the Governor's annual Good Government Day.

This year the Senior class has selected H. David Crombie, Jr., as its representative. Dave is justly deserving of this honor being Senior class President, Co-Editor of the yearbook, a member of the Student Council, and various other school organizations. An honor student and a gentleman at all times, Dave is extended best wishes by the class of 1953.

Class History

On September 3, 1949, a large group of anxious, ambitious Freshmen entered the Joseph Case High School for the first time. We were all eager to begin our high school days and to venture into whatever activities might confront us

during the next four years. We began our journey by electing our Freshman class officers. With Roger Grover as class President; Marion MacDonald, Vice President; Carol Anderton, Secretary; and Beverly Ash, Treasurer, we held our first class meeting, on November 22, 1949 in order to plan our activities for the coming year. Also we chose as our class Advisor, Miss Rita Sullivan. January 11, 1950 the second class meeting was held at which time we made plans for our Freshman dance to be held February 11. "Cupid's Holiday," as this dance was called, was the main social event of our Freshman year. As a special feature Marion MacDonald and Paul Ruest were crowned as Cupid's King and Queen. In June of that year we elected class officers for our Sophomore year. They were James Fiddler, President; Marion MacDonald, Vice President; Barbara Kerr, Secretary; and Delores Gonsalves, Treasurer. Thus ended our Freshman year, which fully initiated us into the ways of high school life and prepared us for the coming year.

Re-entering school in September '50, we became very industrious in our efforts to increase our financial status. On December 16, 1950, we sponsored a dance, entitled, "Kris Kringle Frolic." In order to make this dance more intriguing it was decided to base it on the theme of a popular hit tune, "The Thing." Our "Thing," was a large box containing a \$2.00 gift certificate. As a reward for our efforts, this dance proved very successful. A new plan for paying dues was devised by which we paid more but benefitted by it in the long run. It included our school paper, our athletic association dues, our caps and gowns for graduation, and our Senior banquet, which would be taken from our dues at the proper time. Before our Sophomore year ended, we elected officers for the coming year. James Fiddler and Marion MacDonald were again elected to their respective offices of class President and Vice President, Carol Anderton returned to the office of Secretary, and Florence MacCombie was elected Treasurer. We also ordered our class rings at this time so that we would get them early in our Junior year and would then be able to proudly wear them.

During the summer preceding our Junior year, construction of a new Junior High School, a gymnasium, and a shop building had begun, and we eagerly watched the progress as it proceeded throughout the year. We held our first Junior class meeting on October 1, 1951. Plans were made for a dance to be held on November 17th. We held a second dance on May 10, 1952 entitled "The Square Hop," in order to defray the expenses of the Junior-Senior Prom. We received our class rings in November 1951, and were very happy to wear them for they signified that we were now upperclassmen and would soon be Seniors.

Although our Senior year seemed very far away, we began to make preparations for it in the spring of 1952. At a special class meeting, Loring Studios was chosen to take our individual graduation pictures and pictures for our yearbook. On April 10, 1952, the yearbook staff was elected; this was made up of a small group of people, who, with the help of the rest of the class, would do most of the writing of the yearbook. Eileen Roberts was chosen to lead us as Editor-in-Chief, with Dave Crombie and Jim Fiddler as her Assistants, and Franklin Smith, as Business Manager. When this important business was completed, plans were immediately begun for the Junior-Senior Prom to be held on June 6, which was the most important social function of our Junior year. We worked hard on the preparations for it, in the hope that it would be the best prom the school had ever seen. When at last it was over, we were all greatly relieved, but we were also pleased to know that everyone had enjoyed it. In June of our Junior year, we again voted for class officers, but this time the election held much more meaning for us as we knew that in September, we would begin our all-important Senior year, and its success or failure would depend a great deal upon the capability of our leaders who were David Crombie, President; Marion MacDonald, Vice President; Carol Anderton, Secretary; and Florence MacCombie, Treasurer. Thus we ended our Junior year prepared to meet the challenges of the coming days ahead.

A new and different school confronted us on September 3, 1952. There was a large new Junior high school, a beautiful gymnasium, and a bright new cafeteria. Everything about us seemed new as well as the fact that we were now actually Seniors. However, it did not take us long to become accustomed to these changes and we soon settled down to work as a busy year lay ahead of us. As it is the custom of every Senior class to hold the first dance of the year we did so on September 27, 1952. "The Kick-off Kaper," as this dance was called, came on the day of our opening football game. Both the dance and the football season proved very successful. Motivated by the wonderful response to the first dance, the yearbook staff held a dance on October 18, 1952, at which time Lucille Gladue was crowned football Queen. Since the beginning of school, the yearbook staff has been holding regular meetings and progress on the yearbook has been proceeding rapidly. The decision of the class to change from an engraved yearbook to off-set lithography involved having many more pictures taken and was a great responsibility, which the class met very well. This was not the only change made during our Senior year; there was a great change in the spirit of the school as a whole, and we as Seniors, were proud to feel that we were responsible for some of it!

Now that the time for us to graduate is here, we have a feeling of sorrow at leaving our high school days behind forever, but we also look forward to the years and events which lie ahead. We wish to express our thanks and appreciation to Miss Rita Sullivan who, as our class Advisor, has helped us in everything the class has undertaken, and also to Miss Helen A. Reagan, Mr. Richard B. Greenman, and to all the teachers who have been our friends, as well as our instructors during our four years at Case.

Class Prophecy

*"The wine of life keeps oozing drop by drop,
The leaves of life keep falling one by one."*

—THE RUBAIYAT of OMAR KHAYYAM

The happenings of our short life drop like leaves from the tree of our existence. As each leaf withers and falls, it leaves its notation in the narrative of our generation.

Our lives are divided into many phases; one of the most important is our graduation into life. This is our opportunity to put into practice the theories taught to us in the short period of preparation for the trials of this world.

Each graduate will become a part of the complex pattern which is our world's destiny. All accomplishments, trivial as they may seem to their perpetrators, will have a definite effect on their futures and the futures of those with whom they associate.

We will try to fuse our thoughts and ideals with those of the society of our time, our purpose being to perpetuate freedom.

As the annals of history have told us the story of our predecessors, their successes and failures, so will posterity read the results of our endeavors. Only time can reveal what shape each individual pattern will take to complete the picture of the effect our generation has had on this world.

We, of the class of "53" like to predict a pleasant and profitable future for everyone, but life is not as kind to some as they might wish. A successful life must be built on a solid foundation. Each of the following factors furnish a block of this foundation: health, ambition, education, character, citizenship, willingness to work, and knowledge of oneself.

May the Class of 1953 possess all these traits that build a solid foundation for a successful life.

Class Will

We, the class of 1953 of the Joseph Case High School in the town of Swansea, County of Bristol, and the Commonwealth of Massachusetts, being of sound mind and body, do hereby make, execute, and publish this, our last Will and Testament, hereby revoking and annulling all former wills made by us.

To our beloved teachers, we bequeath the endurance in trying to pound knowledge into the not so fragile skulls of our successors.

To the Juniors, we bequeath our most dignified position as Seniors and hope that they will be able to display the cleverness, originality, and ability, which have characterized this class during the past four years.

To the Sophomores, we bequeath our knowledge and our ability to handle the teachers; you'll need it now that you have become upperclassmen.

To the incoming Sophomores, we bequeath a place in the cafeteria where they may bring their baby spoons, and hope that they may enjoy a dignified lunch period.

To the custodians, we bequeath our sincere appreciation for all they've done to help us in the past four years.

To the baseball team, we bequeath a moment of silence in honor of the hard work and perseverance that has been entailed in the formation of a good ball team.

To the basketball team, we bequeath a magnifying glass so that they can find the hoop and climb to the top of the Narry League.

To the football team, we bequeath a genuine African witch doctor to take some of Somerset's luck from them and to bring it to Case.

To the Student Council, we bequeath the incoming Sophomore class upon which they may practice lawmaking and thus show them the straight and narrow path.

At the close of the May 9, 1952 track meet, Case High girls had won their first trophy in track competition. We came out on top with a total of 25 points with our closest competitors, Somerset and Dighton taking second place honors with 13 points each.

The breaking of two records was accomplished by Paula Deubel. In the broad, she bettered the standing record by six inches; in the softball throw by three feet two inches. By obtaining the two five pointers and by being one of the eight in the 880 relay team that notched honors, she succeeded in getting a total of thirteen points making her the individual high scorer for the annual Narry League track meet competition held in Dighton.

A great deal of gratitude goes to Mrs. Monroe Deane, who dominated her last year of coaching with a championship track team. She worked hard throughout her years of coaching, with the few facilities which she had, and without any complaining. She did more than could be expected. We are sure that the girls that took part in track, were very pleased that they were successful, under her leadership, in obtaining the first track championship for girls in the history of Case High School.

Football Queen

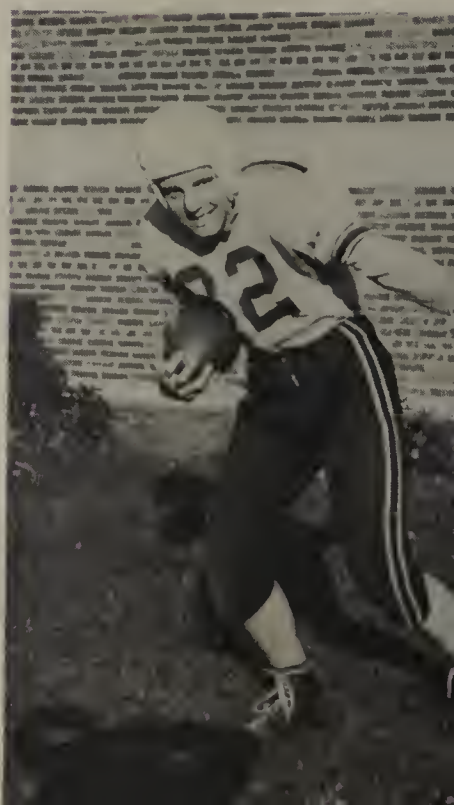

For the first time in the annals of Case High School, the students elected a Football Queen. Lucille Gladue, a Senior, was the young lady chosen for her personality, attractiveness, and poise.

Lucille was crowned at the Coronation Dance on October 18, 1952. Her crown was composed of gold chrysanthemums and she was the recipient of a free pass to all football games.

We, the Class of '53, bestow this honor on Lucille and wish her success and happiness in the future.

Gridiron Season

The Case High football team finished its season with a record of two wins and seven defeats. Although their records may not indicate much, it is certain that the Case High eleven made a good account of themselves in the Narry League. Under the new supervision of Coaches Jim Cassidy and Bob Butters, the Case High team showed true spirit all season long.

Case opened its season by gaining a moral victory over a stronger and more experienced Dartmouth team, by holding them to a 13-12 victory.

But at the hands of a strong Oliver Ames eleven Case again saw defeat by a score of 26 to 6.

Roaring back from two defeats Case gained a decisive 18 to 6 victory over Franklin High.

In their fourth encounter, the Cardinals late-game rally petered out on Yarmouth's six yard line as Case lost 14 to 12.

Highlighted by fine running and blocking, the Case High eleven romped over Diman by a score of 33-0. In running up its biggest score of the year, the Case High team proved that teamwork often results in victory and each and every player did his part in the victory. This gave Case two wins in four games.

In the team's next three encounters, they suffered as many defeats by more powerful Dighton, Hanover, and Mansfield, by scores of 19-0, 32-0, and 13-6 respectively.

Thanksgiving Day, November 27, 1952 saw Case and Somerset in their traditional Thanksgiving day clash at Pottersville field. Much to our dismay, Somerset won the 49'er trophy for the third consecutive year by a score of 12-0.

At the annual coaches meeting, Case placed five boys on the All Narry Team. Al Gadbois, tackle; and Art Kenyon, reserve back, were selected for the first team. Bob Moniz, halfback; Tom Reynolds, end; and Jay Leavitt, guard, made the second team.

The American Legion Trophy was awarded to Art Kenyon for his outstanding leadership, sportsmanship, and scholarship. Honorable mention was given to Al Gadbois, Bob Moniz, and Jay Leavitt.

Boys' Basketball

The 1952-53 basketball season, although somewhat disappointing as far as games won, proved to be a thriller in many respects, for the Case Cardinals. This year's boys are the first Case team to work out on the new gym, something of which they are very proud. It will be a matter of three or four years, however, before the team-building program that is now in progress will begin to pay off in the form of a championship team.

A few of the many boys that contributed both their skill and much hard work are:

Frank Smith, with a graceful style combined with speed and height, filled the center spot for the Case quintet in '52. Frank also contributed greatly in the offensive tallies.

Paul Ruest, a forward who makes up for lack of height by possessing speed and agility on the floor. Paul's accurate shooting and high scoring sparked the offensive attack for Case in all of our Narry League clashes.

Ronnie Correa, another forward somewhat lacking in height but not in scoring ability, exhibited excellent teamwork and ball-handling skill to contribute to the Case Crusade.

Al Gadbois, the only Junior on the squad, displayed his hard driving nature and rebounding skill throughout the '52-'53 season. We hope that next year Al will do as well if not better and spark the Cardinals on to many victories.

Dave Gustafson, a newcomer to the school, and an agile Sophomore with considerable basketball experience showed that his playmaking and accurate set shooting were main factors in our offensive attack.

Other hoopsters who supplied reserve strength for the Case five were Johnny Giblin, Bob Silvestre, Jay Leavitt, Tom Butler, and Kenny Gray. We feel that they all deserve to be complimented for their cooperation in the building of a strong athletic program.
